BONJOUR IN MONPAZIER & SERVUS IN VIENNA

The URBANAUTS open the first hideouts hotels in France and an URBANAUTS STUDIO location in Vienna.

hideouts hotels Le Chevalier bleu, the first hideouts hotels by URBANAUTS, is opening in Monpazier, an idyllic medieval town in the heart of Périgord in France. At the same time, the team of young hoteliers is also delighted by the opening of this year's third location: The URBANAUTS STUDIOS Fillgrader in Vienna's former Interkult Theater.

Whether near or far, bustling city or idyllic calm, urban lifestyle or historic landmarks, the URBANAUTS offer the appropriate accommodation: Visitors looking for a downtown setting can Stay Urban in the URBANAUTS STUDIOS Fillgrader, but those wanting to take a deep breath in a quiet corner and get to know fascinating places will find these through our hideouts: Stay Relaxed.

Stay Relaxed in the hideouts hotels Le Chevalier bleu

The hideouts hotels Le Chevalier bleu in Monpazier is located directly on the Place des Cornières and offers comfortable, individually designed rooms and apartments for solo travelers, couples, and families. The lobby, lounge, bar, sauna, and outdoor pool offer all the convenience that one expects from a hotel. The architect Enrico Realacci specializes in the contemporary remodeling of historic buildings, which he enhances with new elements that guarantee modern comfort. And because cuisine must always play a key role in a holiday in France, the day begins with a perfect French breakfast with croissant, café, and excellent cheese on a fresh baguette in the hideouts hotels Le Chevalier bleu. After exploring the historic walled town with all its landmarks, the day can come to a relaxed end in the hotel bar or with a visit to one of our Fellows.

Hideouts hotels are richly historic buildings in extraordinary locations, which are revived by the URBANAUTS in collaboration with architectural experts. Fully in line with the principles of social and ecological sustainability, the operating concept envisages the revitalization, state-of-the-art adaptation, and long-term continued use of existing buildings. This approach safeguards the uniqueness of these structures, while also ensuring the contemporary design of the accommodation.

Stay Urban in the URBANAUTS STUDIOS Fillgrader

The URBANAUTS STUDIOS Fillgrader are 14 apartments close to Mariahilfer Strasse in the heart of Vienna. Modern and generously furnished, many of the studios have a small fitted kitchen and they are available in three sizes: Cozy, Comfy, and Spacy. This is the first Vienna location with several studios in the same building.

The concept, design, and planning are the work of the Vienna office KLK, which creates aesthetic spaces that shape our perception of our surroundings. For example, the dark entrance to the URBANAUTS STUDIOS Fillgrader recalls the backstage areas of the building's theatrical past. And this memory of the theater is also reflected in the works by the artists' collective Studio Emanuel Jesse that adorn the corridors and rooms. These silkscreen collages recall 19th and 20th-century theater posters.

The URBANAUTS STUDIOS Fillgrader are the perfect place for all those who want to experience culture and the hustle and bustle of city life: The famous Naschmarkt and MuseumsQuartier are just a few minutes' walk away. Every corner of the popular neighborhood is home to typical Viennese coffee houses, shaded pavement cafés, and charming shops, many of which are Fellows, partners of the URBANAUTS that invite you to stay a while and browse. In other words, you can quickly become part of urban life and experience the city like a local. At Daniel's Bistronomie, for example, guests can enjoy such individual services as a Grätzlkorb or an Aperol-To-Go. A further URBANAUTS Fellow is the Saint Charles Apothecary, where visitors will find, alongside the pharmacy, a shop specializing in natural cosmetics and a small treatment spa, all in the spirit of a holistic approach to health.

Stay with the URBANAUTS

However different these establishments may appear, they have much in common.

The URBANAUTS are rethinking the idea of the hotel. The accommodation created by the URBANAUTS is always conceived as stretching across an entire neighborhood and exists in symbiosis with its specific social context. "Experiencing 'The essence of local' and interacting with the surrounding restaurants, bars, and cafés is central to our concept. Our guests value the system of Fellows," explains Managing Director Theresia Kohlmayr.

Digital services such as a 24-hour key box and an online concierge enable visitors to enjoy an uncomplicated modern stay.

The URBANAUTS Hospitality Group was established in November 2015 and is responsible for the management of the hotel group. The Managing Directors are Theresia Kohlmayr and Ines Auerbacher. The URBANAUTS Hospitality Group is owned by Grätzl Betriebs GmbH, URBANAUTS GmbH, GEP BeteiligungsInvest GmbH, and SOLUTIONS Holding GmbH.
